Henry Partington of Millbrae whose application for a dance permit was up for second reading, appeared before the board and asked that he be permitted to withdraw the said application. The request was granted on motion of MacBain, seconded by Francis.

The following applications for dance permits were given their first reading and will be acted upon at the first meeting in May:

G. Tomei, Princeton; Peter Bacigalupi, Princeton-by-the-Sea; and Fred L. Adams, Belmont.

In connection with the above Supervisor Brown addressed the board and said that the people of his district were opposed to the granting of dance permits and he wanted it made known that he would vote against them every time.

Supervisor Hickey addressed the board in the above matter and stated that a portion of the road had already been built by the State Automobile Association. He said the completion of the highway would be a big help to autoists coming from San Francisco and would be the means of assisting in relieving the heavy conjected traffic on the other highways. On motion of Hickey seconded by MacBain, the petition was received and ordered filed.

Attorney Jos. Gordon of San Mateo appeared before the board in the matter of the Lomita Park improvement and sidewalk work. Mathieson and Frank Bryant for the construction of a septic tank in connection with the sewerage disposal works at the county farm and hospital. On motion of MacBain seconded by Hickey, it was decided to postpone action in awarding the contracts on both the above pieces of work until the meeting of May 7th.

Clerk Nash stated that this was the day set for hearing protests against the formation of the Visitacion Valley Lighting District and that no protests had been received. Roy H. Curran appeared before the board in the above matter, as the representive of the district.

County Engineer J. V. Neuman presented plans and specifications for the construction of the state highway between Finger bridge and Whipple avenue and fronting on Wellesley Park in the city of Redwood City. District Attorney Swart presented an ordinance amending ordinance No. 281 which governs traffic on the mountain highways of the county. The new ordinance, which was adopted on motion of MacBain seconded by Francis, amends the original one so as to include within it what is known as the new La Honda road, also the Portola road between Santa Cruz avenue of Menlo Park and the intersection of the new La Honda road.

District Attorney Swart next presented an ordinance creating a county social service commission whose duty will be to look after the charitable affairs of the county and to take care of the relief work for the needy. The commission is to consist of seven members who shall serve without compensation. They shall appoint a secretary, whose salary shall not exceed $100 a month.

Mrs. W. A. Brooke of Halfmoon Bay, by Supervisor Francis.

Mrs. James McCormick of Pescadero by Chairman Thompson.

RED CROSS MEETING MONDAY AT ALHAMBRA

The people of Redwood City are most cordially invited to attend the Red Cross meeting at the Alhambra Monday evening at 8 o'clock. Plans will be discussed for making the local chapter efficient.

The membership committee has been actively at work during the past week and has secured a number of new members. There are at present 218 members of the Redwood City society and it is hoped that this number may be increased to 500. The membership is wanted not so much for the fee of one dollar, but that the citizens of this community may lend their moral support to an institution that does so much to alleviate suffering in time of war and to give help and comfort in the time of peace.

Come to the Alhambra Monday evening and bring your friends with you. Father Donohue, Father Gleason of Palo Alto and Rev. C. H. Stevens will give short addresses.

AMERICAN LEAGUE MEETING AT SEQUOIA THEATRE

Sequoia Theatre was crowded to the doors last evening with apatriotic audience that assembled under the auspices of teh American League of California, Redwood branch. Patriotic songs were sung, pictures full of patriotism were thrown upon the screen and speeches fervent with patriotic sentiment were delivered which aroused enthusiasm. The principal address was delivered by Ray Lyman Wilbur, president of Stanford University. He gave an eloquent address that found a responsive chord in the big audience in vociferous applause.

CENTRAL SCHOOL HOLDS FLAG-RAISING EXERCISES

Thursday at one o'clock the Central school held a flag raising and saluted the two new flags ordered by the trustees to take the place of the old flags. The entire school assembled by classes with their class flags in front of the Central school. First a new flag was raised to the top of the staff in front of the clock tower. The school saluted this flag. Then the other flag was raised to the top of the big staff on the lawn and the school gave the salute to this flag.

Miss Gertrude sang "The Star Spangled Banner" and then the school sang "America."

Little Robert Poole and Master Jack Poole, grandsons of a civil war veteran, assisted at the flag raising.

THE BOY SCOUTS WILL SOON REORGANIZE

The Boy Scouts of America will reorganize in this locality soon under the leadership of Douglas Watson. The local troop was formed three years ago by Scoutmaster H. H. Sears. When Mr. Sears went East the work was taken over by Wilbur Doxsee. Mr. Doxsee however had to leave for his school at Woodlake so the boys were left without a leader. The local council will probably meet some day next week and elect Mr. Watson to the scoutmastership.

THE VOTE ON AMENDMENTS

Editor Times-Gazette—To settle a bet kindly inform me how San Mateo county voted on the two prohibition amendments at the election held last November, and greatly oblige an Old Subscriber.

Answer—Amendment No. 1, Yes, 3111; No., 7152. Amendment No. 2, Yes, 3676; No, 6527. San Mateo county was one of the few counties of the state that gave such a big vote to the "wets."

CHINESE LETTER CARRIERS.

Feats They Must Perform Would Tire a Hercules.

How many of our own postmen would care to transfer their services to the Chinese postoffice?

To get into the postal service in China is not an easy matter.

In the first place an applicant must have strength and courage, and in order to gain these he must be prepared to undergo a very queer method of training. He must wander through mountains and valleys, forests and coves. The exact time to be occupied in a trip of this sort is fixed by the law, and a very heavy fine is imposed for any unnecessary delay.

The would be postman must repeat these trips at night, and if he listens to the bad spirit, thereby failing to appear at the required time at a specified place he is sure to lose his chance of being a postman.

But that is not all, for he is obliged to carry enormous weights for many miles and must return with his burden within a given time, though his road usually takes him through districts thick with bandits.

In training, the postman eats very little—though he is used to this—and tries every training exercise. Then comes his real examination, under the direction of the government officials. He is taken into a large room, where, suspended from a high beam, are very heavy sacks filled with rocks. He must give a swinging motion to all these sacks, run to and fro between them, carefully guarding himself against a blow from the heavy weights.—London Globe.

WASHINGTON LETTER

If you can't add to the man strength of the army, add to its food supply. The hoe is just as important as the gun. If you have lost the fire of youth; if you have a dependent family and hesitate to respond to the first call, do the next best thing and make two blades of grass grow where formerly but one flurished. Congress has authorized an army of 2,000,000 men. The energic application of 2,000,000 hoes to the back of Mother Nature will help feed these soldiers.

The prime requisites of our army boys, in their bill of fare, are wheat, corn, potatoes, beans, onions, and meat We are not overstocked in any of these foods today. If you have a back yard that will grow anything edible, you should spade it up this spring. Instead of roses, grow cabbages; instead of sweet peas, plant beans. Every stay-at-home stomach that is lined with "garden sass" of its owner's raising will make that much less demand on the supply which should go to our soldiers and our allies.

During the 31 months of war ,from August 1, 1914, to February 28, 1917, we exported $2,613,000,000 worth of foodstuffs, over ninety per cent of which went to the belligerents. When history comes to be written from an economic standpoint it will be found that the can of "Made in America" beefstew tucked away in Tommy Atkins' "little Mary" and Frenchy's ragout Americaine had considerable to do with that stand they made at the Marne, and that drive they accomplished in the Somme.

Present need of Checks and Balances

The founders of this government wisely provided a system of checks and balances. In order to prevent autocracy, the legislative power was placed in a separate body. In order to guard against a hasty action, the legislative branch was divided into two houses, the agreement of both being necessary. In addition to that it was provided that the executive shall have an opportunity to veto an act before it becomes effective. These were wise provisions, and the need of them was never more manifest than when the nation is participating in the greatest war in history. For that reason it is of utmost importance that Congress should establish a special committee to represent that branch of the government in matters pertaining to war policies. All wisdom is not concentrated in the war and navy departments. Congress must provide the money and authorize the recruiting of men for the prosecution of the war, and, therefore, it should provide a committee, composed of its ablest members, to keep in close touch with the war situation, whether Congress be in session or not, so that the country shall have the benefit of constant cooperation between the executive and legislative branches.

There are millions of acres of land in this country lying idle. All of it will grow something. The Chinese will grow enough garden truck on a patch of ground no bigger than a Turkish prayer rug to feed his family. We ought to Chinafy our land while the war is on. It is a duty which we owe to our army, our democracy, our country, and our God. Go to the tool shed and get out the trusty hoe.

According to a manufacturer the demand for Old Glory was never so great as at present. It is also pleasing to notice that the respect for Old Glory is also going up.

E. R. Dimond has awarded a contract to Thomas M. Flynn to grade and construct two miles of roadway on his property at Portola.

The La Dieu residence in the McEvoy tract was the scene of a pleasant party last Sunday. J. H. La Dieu and son Clarence celebrated their birth anniversary . A barbecue was given in their honor. About 36 persons attended, the greater portion of whom were from San Francisco and Oakland.

A. McSweeney, Andrew Hynding, Dr. F. S. Dolly, Dr. Doake, A. B. Scott and George E. Britton, all of South San Francisco, composed a pleasant party that invaded the sacred precincts of Pescadero last Sunday and enjoyed the healthful ozone of that delightful locality. The party went over in two machines.

Boyd Hodges came from Ely, Nevada, on Thursday to spend a short time with his friend, Roy Curran. Mr. Hodge was cashier of a prominent bank at that place since leaving here two years ago. He left yesterday for Trinity county to take charge of a big copper mine there. Mr. Hodge is a bright young man who makes good in whatever position he is placed.

Since taking over the Sequoia Hotel on April 1st Manager Fromm has made some changes in his dining room. The grill and dining room have been combined, the same price being charged. Mr. Fromm has put in a number of small dining rooms for the convenience of his patrons. Mrs. Loccatelli, who has been in charge of the grill for some years, has gone to San Diega to engage in business.

C. M. Doxsee gave an interesting talk to a large audience in the Congregational church on Thursday evening on the necessity of securing a clear title to property when purchasing it. Mr. Doxsee is an expert in this line. He clearly demonstrated to his hearers the policy of having a good title to realty before buying it. He declared there were numerous pit falls in these transactions which should be avoided.

Quietly grazing on oats growing on the flat back of Dingee Park three deer, two bucks and a doe, were seen yesterday morning by several persons passing in that direction. The deer were quite tame, and at the approach of pedestrians they slowly scampered off to the mountains in the direction of the Spring Valley preserves from whence they came.

During the week D. Flynn, local agent for the Ford automobile, sold a touring car to A. J. Twombly and a delivery car to the Home Laundry. This week Mr. Flynn was notified by the agency in San Francisco that no more deliveries could be made for a month at least. The demand for the Ford automobile is growing so fast that the factory finds it impossible to supply cars for the market.

Yesterday the funeral obsequies of Mrs. Josephine Greco, who died in this city on April 18, took place at San Jose from the Church of the Holy Family. Interment was in Santa Clara. Mrs. Greco had been a resident of Redwood City for the past fifteen years during which time she made numerous friends in this city who sympathize with her surviving relatives in their sad loss. Mrs. Greco is survived by a husband and eight children ,four of whom live at New Orleans, two in San Jose and

DUCK HUNTING REMINISCENCES

Story No. Seven by Claude Fox Depicting Game Bird Life On Bay and Marshes

Whatever became of that old grey rooster after his demise at the shooting match I do not now remember. The exit which he made was perfectly satisfactory to "Bill" and myself, whether we participated in a chicken dinner, or not. Father may have taken him home, or possibly gave the old fellow away to some one who had been shooting that day and was less fortunate than myself.

There is one thing I do know. Whoever had the temerity to partake of a dinner made up from the remains of that antiquated ranch bird took a terrible chance of having those three very significant words, "please omit flowers," added to his or her little black bordered notice which you occasionally see tacked up on the poles along the main street of our city, indicative of the fact that some one has departed on a long journey, return tickets for which are never issued, because that dread malady, appendicitis, was entirely unknown to the medical fraternity in those days days, and if that old rooster had one shot mark in him, he certainly carried from half to three quarters of an ounce of Nos. 6 and 7 in his poor shot-riddled body.

"Bill' and I had not seen so much of each other during the few months preceding the shooting match, as I had been sent away to boarding school at Dr. Brewer's Military Academy at San Mateo, while my pal continued the study of his three R's, "riting, reading and rithmatic," at the old public school building which formerly stood near the gymnasium, and has long since been torn down and is now, to the old boys, but a memory.

The winter vacation was now on. I was at home, and as "absence makes the heart grow fonder," "Bill" and I were inseparable companions. The duck hunting season was in full blast. In the evening about twilight we would wander down in the Sweeney field where the old jail stands and listen to the incessant bombardment which was going in at the "Gravel Bed" and the "Little Pond" down at the "First Fence." The Leathers boys, Dick and Joe, together with Ben Chew usually shot at the former place, while the McEvoy boys, Old Man O'Shaunessey and Little Jack Welsh done more cannonading at the latter, only on a milder scale, than did Admiral Dewey at the battle of Manila Bay. In fact the flash of the guns could be seen so plainly and the reports from the black powder heard so distinctly that "Bill" and I often thought there would not be a duck left on the marshes when we started out the next October. Our fears however were groundless, for the next season when the No. 12 came into my possession, and, as a matter of fact, for years afterwards, the web-foots were here by the tens of thousands. Before I conclude writing these articles I am going to tell the bays of today why those birds were here in such countless numbers and why they went away. My opinions will not be concurred in by many of those who today are my friends and associates, but I am willing to place in the balance my years of experience and observation against any logical arguments which may be brought forward to contradict my assertions, based on facts, of which I shall shortly write.

SUITS DISMISSED—

The civil suit of Mary F. Ring, executrix of the estate of John F. Ring, deceased, against Matthew I. Sullivan and others, has been dismissed in the superior court.

The action entitled Roberts Manufacturing Company against J. J. Fop piano Jr. has been dismissed in the superior court. The case has been pending for some time.

The action of G. B. Brusco against D. Brusco has been dismissed in the superior court. The suit was only recently dismissed.

S. Sebastian, a prominent resident of Redwood City, was operated upon at the Red Cross Hospital in San Mateo on Thursday morning. Dr. J. L. Ross of this city performed the operation. The patient is getting along nicely and will soon be convalescent.

Redwood Lodge No. 650, F. A. U., will give the first of its card games on Tuesday evening, April 24 in Foresters Hall. There will be three games in the tournament. Prizes will be given to the winners of the highest scores in each game and also at the end of the tournament. Refreshments will be served after the game.

Constable M. H. Walsh should receive the hearty commendation of every patriotic American. He should be given a medal by the President. At his request his two sons have rallied to the colors and enlisted in the navy. One is now on his way to Manila and the other is at Angel Island ready to sail where ever his country calls. Mr. Walsh's five other sons are preparing to join the army to fight for the colors. Such true patriotism is commendable and it goes to show that the same spirit that actuated our forefathers is still alive in the land.

TRUSTEES IN SESSION

To encourage the planting of foodstuffs in gardens and yards by city people, the Board of Trustees Monday evening endorsed a plan laid before them by D. R. Stafford and reduced water rates above $1 per month 25 per cent for the months of May, June, July and August. Mr. Stafford stated that there is urgent need for everyone who has the means to raise a part of their foodstuffs as the problem of supplying containers for the year has the attention of everyone acquainted with the situation and calls for combined action all over the country. All food produced at home will lessen the demand and will not require containers.

The W. H. Hanson estate withdrew permission to dump refuse on the marsh land granted to the city some years ago by the late W. H. Hanson. The matter of securing a permanent dumping ground for refuse of the city was discussed at some length without result and was left in the hands of Trustee Tuchsen.

S. E. Throwell of San Mateo was appointed plumbing inspector of the city to fill the vacancy caused by the removal of Charles Barton, who has held the office since its creation. He is plumbing inspector of San Mateo, Burlingame and Hillsborough and was personally endorsed as to character and qualifications by P. E. Brant and D. R. Stafford.

W. C. Johansen of San Francisco was granted a license to conduct the "O. K." bar at 240 Main street, having purchased the business from Mr. Fick.

The Pecific Gas and Electric Co. was granted a contact permit on city poles on Adams street between Harrison and Jefferson streets.

A donation of $50 was made to the Redwood City chapter of the Red Cross Association to assist them in their work of helping to supply a military base hospital at San Francisco.

Tony Casaretto was granted a permit to hold a dance at his home on El Camino Real April 28th.

Two flags were ordered purchased, one to be used on the flag pole in Roosevelt and the other at the circle in Redwood Highlands.

A resolution was adopted declaring that it was the sense of the board that the pavement on Broadway be repaired and resurfaced with bitucrete and recommended that property owners interested should sign private contracts with E. M. Chadbourne, a contractor, under which the cost of the work would not exceed two cents per square foot.

City Engineer Demmitt was instructed to present plans at the next meeting of the board for surface drainage of the Highlands. This work was first started two years ago when the cost of the work, according to plans prepared at that time, was excessive, and the work was delayed until last year, but was not started until too late in the season to be accomplished. Temporary relief was provided last winter and it is now proposed to provide a plan which, while affording all needed permanent relief, will not be an undue tax on the property affected.

Resolutions of intention were adopted declaring the intention of the board to improve Sequoia street and Redwood avenue in West Redwood. The improvements will consist of sewers, concrete curbs, and of macadam pavements for the roads.

A new fire ordinance, prepared under the direction of the Board of Fire Commissioners, was presented and given its first reading.

Street Superintendent Dearborn was instructed to fence off the municipal wharf to prevent accident because of the unsafe condition of the wharf.

Haskins of Danbury, Connecticut and McKenzie Haskins of Waterbury, Connecticut, are bequeathed the entire estate share and share alike. Frederick E. When he was declared incompetent some time ago he had but $800 in bank. Mr. Haskins was a pioneer of the county.

The sork left a baby boy at the home of Robert E. McIntyre in San Francisco last week. Mr. McIntyre has only recently erected a $6,000 home at Atalaya Terract between Masonic avenue and Ashbury street. The Grocers' Journal of recent date has this to say of the former Menlo Park boy: Bob McIntyre has gone into business for himself. Most every grocer in San Francisco knows Bob McIntyre—for seven years he has been selling hams and bacon to the trade as a representative of Moran & Co. In addition to that he has very kindly volunteered his services and his superior talents as a pianist on occasions where grocers gather to forget the cares of business and make merry—Yes, Bob was always there to tickle the ivory keys in a rag-time way. Now that he has engaged in business on his own account, let us appreciate the courtesies of the past and give Bob a trifle the best of it. His partner, J. G. Whitten, was also eight years with Moran & Co., and seven years with Swift & Co. So their kindergarten days in the packing business are over. Whitten, McIntyre & Co. is the firm name. They represent Geo. A. Hormel of Austin, Minn., packers of Minnesota hams, bacon, and lard. The plant is located at 65th and Bay streets, stockyards, Emeryville, Cal.
